## THIS IS US:

The Outpost Café was born out of a church in Brockville with the desire to partner with the people of Prescott in warmth and connection. We are an extension of C\*Road Church ([www.croad.ca](http://www.croad.ca)) and operate as a charity gifting food and other various essential items as needed.

The way we operate as a charity is through the “Kind as a Button” initiative. Customers are invited to pay it forward by purchasing a \$1 button. These buttons can then be used for other customers in need of a meal or warm drink. We invite you to consider purchasing a button to help us love those in need.

Welcome  
to our  
TABLE

Our table, the place we gather to share life, joy, pain and wonder.

Our table, the place we learn one another, listen and grow because of one another.

Our table is your table, sacred space for breaking of bread, nourishment for the next part of the journey.
